The Code Enforcement Officer and Mr. Spada met with numerous insulation contractors and their unanimous recommendation was to install 5/8" fire resistant drywall and air barrier. After the drywall is installed then 10-12" fiberglass insulation should be blown in.

Discussion regarding numerous options. Someone for the drywall will be coming in tomorrow to give an estimate. He will keep the board informed.

RESOLUTION 2023-008

At a meeting of the Murray Town Board duly held on February 27, 2023, Councilman Michael Mele moved adoption of the following resolution; Councilman Randall Bower seconded the motion:

BE IT RESOLVED that the Town Board of the Town of Murray hereby authorizes and accepts the 2022/23 Municipal Snow and Ice Supplemental Agreement and Adjustment/Calculation Worksheets.

BE IT FURTHER RESOLVED that at the Town of Murray Organizational meeting, a 3% or higher pay increase was authorized by the Town Board for all Town of Murray employees.

Upon being put to a vote, the resolution was thereupon adopted.

PUBLIC COMMENT

Mark Scarborough of 3959 Bennetts Corners Road was present to ask if there is any way to speed up the progress for the public water lines on his road and W. Brockville Rd. Please take into consideration that he cannot drink or cook with his well water. With the lack of snow, the water tables are low and the water quality is very bad.

Stacey Keon of 15764 W. Brockville Road is in agreement with Mr. Scarborough and is in the same situation.
