Brief discussion regarding the Volunteer Fire Fighter's property tax exemption. New York State allows a \$200 income tax credit for first responders. Town Boards can also adopt up to a 10% property tax exemption for fire fighters. Supervisor Sidonio stated he believe it is better for them to keep the \$200 income tax credit.

Supervisor Sidonio gave permission for the USDA to put their pesticide traps on town owned property as there is a box tree moth and European cherry fruit fly problem.

Public Comment

Art Knab of Hindsburg Road asked Dirk what is included in the \$6.00 per thousand gallon water charge. Dirk said many things go into determining what the town needs to charge residents such as upkeep, maintenance of equipment. There are many operating costs. We cannot charge residents less than what we purchase the water for.

Stacey Keon of West Brockville Road thanked the water department for working so hard in the water department, thanked the highway crew for keeping the roads clear this winter and for fixing her mailbox right away.

Elaine Berg who serves on the Board of Assessment Review questioned the proposed local law regarding the change of date for Grievance Day. This would be changing it to the Friday of Memorial Day weekend. Board discussion followed.

Public Comments Continued

Amy Machamer of Hurd Road stated that as of 2022 all of Orleans County is under quarantine regarding the European Cherry Fruit Fly.

*****DRAFT*****

Ms. Machamer said that in the Planning Boards revisions to the zoning regulations, she would like to make sure that each of the board members read in detail what is proposed. Make sure the comprehensive plan is not undermined by any of the changes. It is a document that is incredibly worthy and it is imperative that the zoning goes along with it.

She asked that each person on the Town Board, with every decision they make, to work studiously towards lowering town expenses. She spoke of a fruit farm comparable to hers that is for sale in the Town of Marion and she was alarmed that the taxes were exactly half of what is paid on a parcel in Murray. Please be conservative and prudent in expenditures.

Councilman Mele asked if the Marion tax rate she spoke of was town, school, village and/or county? The Town of Murray only has control of the town tax rates. Ms. Machamer stated she wasn't sure and that she didn't delve that far into it but she could find out.

Supervisor Sidonio said they work very diligently on the budget. We lowered taxes and increased our savings account townwide. That, in this environment is pretty noteworthy. The town of Murray is the smallest portion of our tax bills.

David Piedmonte spoke of tourism and needing a dock on the canal that belongs to the Town of Murray. He spoke of the poor condition of the Hulberton cemetery and anything the town could do would be appreciated. Dirk said they have taken some trees down but many of the stones are down or broken and it's difficult. He thanked Dirk and also Joe as he brought the water issue to the attention of the town.

Sandy Shaw reminded all of the library wine tasting on April 28th from 7 to 9 p.m. They will also be highlighting local businesses. Funds raised will go to summer programs.

She informed all that on April 10th at 6:30 there will be a private training event given by the NYS Citizen Preparedness Corps. They will be training people how to prepare if there is a severe weather event.

Art Knab said that the company that installed the live streaming equipment should get it working. Last meeting there were 44 people waiting to connect to the meeting.

Stacy Keon asked who would someone go to if someone had tourism suggestions. Supervisor Sidonio told her to contact the Town Clerk and she could relay the message to the planning board.
